

Tagungsbeiträge 2004

1. Clough Y, Kruess A, Tscharntke T (2004) Spider abundance and diversity in winter wheat fields: no clear-cut effects of organic management. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 195, 1.
2. Gabriel D, Roschewitz I, Thies C, Tscharntke T (2004) Diversity components of arable weeds in organic and conventional wheat fields - a multi-scale approach. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 183, 1.
3. Holzschuh A, Steffan-Dewenter I, Tscharntke T (2004) Bees on organic and conventional fields in different landscapes and regions. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 201, 1.
4. Klein A, Steffan-Dewenter I, Tscharntke T (2004) Biodiversity and ecosystem functioning: rainforest as source for pollinating bees on coffee in agroforestry. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems", BayCEER, Bayreuth*, 151, 1.
5. Klein AM, Tylianakis J, Steffan-Dewenter I, Tscharntke T (2004) Landscape context affects bee diversity and pollination in European and tropical agroecosystems. *8th International Conference on Tropical Bees and VI Encontro sobre Abelhas, Ribeirão Preto, SP (Brazil)*, 121-126.
6. Kruess A, Tscharntke T (2004) Population dynamics of the weed *Cirsium arvense* in a landscape context. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 230, 1.
7. Lehmann K, Brandl R, Tscharntke T (2004) Are plant hybrids particularly susceptible to herbivory? *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 139, 1.
8. Lehmann K, Thies C, Tscharntke T (2004) Insectivorous birds affect potential biocontrol of cereal aphids by syrphid predators. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 68, 1.
9. Lozada T, Narvaez J, Enriquez C, Klein A, Tscharntke T, Navarrete H (2004) Plant diversity of tropical land-use systems in coastal Ecuador. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems", BayCEER, Bayreuth*, 215, 1.
10. Marché R, Klein A, Tscharntke T (2004) Bird diversity in differently managed coffee agroforestry and forest sites in coastal Ecuador. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems", BayCEER, Bayreuth*, 256, 1.
11. Poveda K, Steffan-Dewenter I, Scheu S, Tscharntke T (2004) Floral attractiveness to pollinators and seed set in response to below- and aboveground plant-animal interactions. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 121, 1.
12. Priess JA, Steffan-Dewenter I, Klein AM, Tscharntke T, Alcamo J (2004) Does land use change threaten ecosystems services and economic returns of coffee farmer s? a case study from Indonesia. *Global Spatial Data and Information User. International Workshop on Integrated Assessment of the Land System: The Future of Land Use, Amsterdam (The Netherlands)*, 51.
13. Purtauf T, Roschewitz I, Dauber J, Thies C, Tscharntke T, Wolters V (2004) Conservation of carabid diversity by organic farming depends on landscape features. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 184, 1.
14. Richter A, Klein A, Tscharntke T (2004) Coffee berry borer infestation increased with increasing proportion of overripe berries in agroforestry. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems", BayCEER, Bayreuth*, 224, 1.
15. Roschewitz I, Thies C, Tscharntke T (2004) Effects of farming system and landscape heterogeneity on the diversity of weeds and their seedbank in winter wheat fields. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 207, 1.

16. Schmidt M, Thies C, Tscharntke T (2004) Matrix effects on spider diversity in wheat fields across spatial scales: from region to neighbourhood. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 208, 1.
17. Schulze C, Manoppo H, Veddeler D, Kessler P, Pitopang R, Tscharntke T (2004) Understorey plant assemblages of forests, agroforestry systems and annual cultures in Sulawesi (Indonesia). *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 158, 1.
18. Schulze C, Plawszewski M, Süßenbach D, Tscharntke T, Fiedler K (2004) The importance of agroforestry systems for conservation of frugivorous butterflies in Central Sulawesi, Indonesia. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 159, 1.
19. Thies C, Tscharntke T (2004) Counteractive processes affect biocontrol of cereal aphids at the landscape level. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 69, 1.
20. Tscharntke T (2004) Multitrophic plant-insect interactions and biodiversity at different spatial scales. *Entomology - Strength in Diversity XXII International Congress of Entomology, Brisbane (Australien)*, 85, 1.
21. Tscharntke T, Poveda K, Steffan-Dewenter I, Scheu S (2004) Plant-mediated interactions between below- and aboveground processes: decomposition, herbivory, parasitism and pollination. *Entomology - Strength in Diversity XXII International Congress of Entomology, Brisbane (Australien)*, 85, 1.
22. Tscharntke T, Schmidt M, Thies C (2004) The landscape context of biological control. *Entomology - Strength in Diversity XXII International Congress of Entomology, Brisbane (Australien)*, 43, 1.
23. Tscharntke T, Zeller M, Leuschner C (2004) Stability of rainforest margins (STORMA) - a multidisciplinary research project in Indonesia. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 26, 1.
24. Tylianakis J, Klein A, Tscharntke T (2004) Diversity of trap-nesting bees, wasps, and their natural enemies in different land-use systems of coastal Ecuador. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 259, 1.
25. Veddeler D, Klein AM, Tscharntke T (2004) Diversity of coffee flower-visiting bees in relation to management of agroforestry systems. *8th International Conference on Tropical Bees and VI Encontro sobre Abelhas, Ribeirão Preto, SP (Brazil)*, 548.
26. Veddeler D, Klein A, Tscharntke T (2004) Diversity of trap-nesting bees and wasps in Ecuadorian coffee agroforestry systems. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 232, 1.
27. Veddeler D, Schulze C, Steffan-Dewenter I, Tscharntke T (2004) Diversity of fruit-feeding butterflies in relation to age and isolation of secondary forest fragments. *Society of Tropical Ecology: 17th Annual Conference "Biodiversity, and dynamics in tropical ecosystems"*, BayCEER, Bayreuth, 160, 1.
28. Westphal C, Steffan-Dewenter I, Tscharntke T (2004) Resource availability affects the foraging trip duration of bumblebees. *Eco-complexity and dynamics of the cultural landscape Verhandlungen der Gesellschaft für Ökologie, Giessen*, 76, 1.
